ENROLLMENT & CONTRIBUTION INFORMATION:

Enter an election for 1, 2 or 3 below. If you choose 3, enter an election **both** for Pre-tax 401(k) **and** for After-tax Roth 401(k), even if the election is zero. If you wish to retain an existing election and add or change another (for instance you want to retain your existing Pre-tax 401(k) contribution and add a Roth 401(k) contribution) list both elections.

1. I choose the automatic enrollment Pre-tax 401(k) contributions of \$0.50 per hour. (Overtime premium does not apply.)

OR

2. I do not wish to participate in the Defined Contribution Plan; do not automatically enroll me. I understand that if I change employers I will be automatically enrolled at that time unless I execute a new opt-out form.

OR

3. I want to make the following Contributions:

a. **Pre-tax 401(k)**—I wish to contribute \$_____ per hour (in \$.25 increments) as **before-tax** contributions. I understand that this will reduce the amount of my taxable compensation reported on Form W-2.

When I work **overtime**, I also elect to have my contribution multiplied by the applicable overtime premium rate (for example, if I have elected to contribute \$1/hour, when I work overtime payable at time-and-one-half, my contribution for those overtime hours will be \$1.50/hour.)

b. **After-tax Roth 401(k)**—I wish to contribute \$_____ per hour (in \$.25 increments) as **after-tax** contributions. I understand that this will NOT reduce the amount of my taxable compensation reported on Form W-2.

When I work **overtime**, I also elect to have my contribution multiplied by the applicable overtime premium rate (for example, if I have elected to contribute \$1/hour, when I work overtime payable at time-and-one-half, my contribution for those overtime hours will be \$1.50/hour.)

NOTE:

If this is a new enrollment opportunity for you, you should have been provided with a combined Notice of Automatic Enrollment and Qualified Default Investment Alternative Notice. If you have any questions about this Enrollment/Change/Opt-Out Form or the Plan in general—including the enrollment procedure, opt-out rules, investment alternatives or benefits provided under the Plan—please refer to the Notice and the Summary Plan Description. If you need a copy of either, please contact the Fund Office at (800) 595-7473 or (213) 385-6161 and copies will be provided to you.

INVESTMENT INFORMATION:

A number of investment options are offered in the Defined Contribution Fund. Before making your investment selections you should review the prospectus and other information available for each investment option. Investment fund information is available at mylife.newyorklife.com, or from the Fund Office. To tell New York Life where to invest your future contributions, or to transfer existing balances among the investment options, you must have a Personal Identification Number (PIN). In order to create your PIN, you will need to know your Social Security Number, your date of birth, and your ZIP code in our records. Your PIN gives you access both to information through New York Life's toll-free telephone number, (800) 294-3575, and to New York Life's website.

If you do not use your PIN to indicate your investment elections with New York Life, your contributions will be invested in the T. Rowe Price Retirement target date fund applicable to your retirement age. If the information needed to determine your retirement age is not available to the Fund Office, your contributions and balances will be invested in the T. Rowe Price Retirement Income Fund until the information is received.

AUTHORIZATION & AGREEMENT:

This authorization replaces any previous one. I understand that these instructions will remain in effect until I change them in accordance with Fund rules. I hereby authorize the deductions from my pay indicated on the reverse of this form as Fund contributions to be made on my behalf by my Employer. If necessary to meet Internal Revenue Service requirements for the Fund, I understand that (i) my contribution may be reduced, (ii) my contributions may be refunded to me, and/or (iii) my before-tax contributions may be re-characterized and treated as after-tax contributions. I acknowledge (i) that I could have received the amount of these contributions in cash and (ii) that my elective contributions, my Employer's non-elective contributions, and any investment earnings are subject to withdrawal restrictions under the terms of the Fund and the Internal Revenue Code. These instructions will be effective as soon as administratively feasible and allowable under the rules of the Fund.

I understand that, on a quarterly basis, I will receive a statement of my Account and the value of the shares held in each Investment Option. I understand and agree that I will have sixty days after the mailing of each such quarterly statement within which to file any written objections to such quarterly statement. I agree that upon the expiration of each such period, the Trustees shall be forever released and discharged from all liability and accountability to me and my beneficiaries with respect to the propriety of their acts and the transactions shown in such quarterly statement, except with respect to any such acts or transactions as to which I file written objections within such sixty-day period.

By signing page 1 of this form, I acknowledge that I may receive and review a current prospectus for any available investment option, free of charge, by contacting New York Life at (800) 294-3575 or mylife.newyorklife.com. Shares of investment funds, including collective funds, insurance contracts and mutual funds, are not insured by the FDIC, nor insured or guaranteed by any government agency. These investments involve risk, including possible loss of the principal amount invested.

Automatic Enrollment Notice

The Southern California Pipe Trades Defined Contribution Fund makes saving for retirement easier by offering an automatic contribution feature for your elective contributions.

The automatic contribution feature will not change your elective contribution level if you have submitted an Enrollment/Change/Opt-out Form to your Employer electing the level of your contributions to the Plan or electing not to contribute. Your earlier election will continue to be followed so long as you work for the same Employer. If you leave one Employer and begin working for another Employer (including an Employer for whom you have previously worked), you will be required to submit a new Enrollment/Change/Opt-out Form to your new Employer if you wish to contribute a greater or lesser amount than the automatic \$0.50 per hour contribution amount. A copy of the Enrollment/Change/Opt-out Form is attached to this Notice.

You can also change your contribution amount by submitting a new Enrollment/Change/Opt-out Form to your Employer. You may change your contribution amount at any time (subject to reasonable employer payroll processing deadlines).

If you have not submitted an Enrollment/Change/Opt-out Form to your current Employer to elect a contribution amount, you will be automatically enrolled in the Plan starting with your first paycheck with each new Employer. This means that amounts will be taken from your pay and contributed to the Plan. The automatic contributions will be \$0.50 per hour worked each pay period. But, as described above, you can choose to contribute a different amount. You can choose to contribute more or less than the automatic amount. You may also choose to contribute nothing at all by opting out.

This Notice gives you important information about some Plan rules, including the Plan's automatic contribution feature. The Notice covers these points:

- Whether the Plan's automatic contribution feature applies to you;
- What amounts will be automatically taken from your pay and contributed to the Plan;
- How your Plan account will be invested;
- When your Plan account will be vested (that is, not lost when you leave your job), and when you can get your Plan account; and
- How you can change your contributions.

You can find out more about the Plan in the Summary Plan Description (SPD), which is provided to you by the Fund Office. The SPD and updates are also mailed to all currently participating Employees periodically. The SPD can also be obtained online at scptac.org.

1. Does the Plan's Automatic contribution feature apply to me?

The Plan's automatic contribution feature will not apply to you if you elect (by turning in an Enrollment/Change/Opt-out Form) to make contributions to the Plan or elect not to contribute. If you leave one Employer and begin working for another Employer (including an Employer for whom you have previously worked), the automatic \$0.50 per-hour contribution will again apply to you starting with your first paycheck and you will be required to submit a new Enrollment/Change/Opt-out Form to your new Employer if you wish to contribute a greater or lesser amount than the automatic \$0.50 per-hour contribution amount or opt-out. You can always change your contribution level by turning in a new Enrollment/Change/Opt-out Form to your Employer.

2. If I do nothing, how much will be taken from my pay and contributed to the Plan?

If you do not turn in a completed Enrollment/Change/Opt-out Form to your new Employer on the date you are first employed, \$0.50 of your gross pay for each pay period will be taken from your pay and contributed to the Plan. This will start with your first paycheck with each new Employer and will continue as long as you work in employment covered by the Plan, unless you turn in a completed Enrollment/Change/Opt-out Form to your employer choosing a different amount or choosing not to contribute. Your contributions to the Plan are taken out of your pay and are not subject to federal income tax at that time. Instead, they are contributed to your 401(k) Plan account and can grow over time with earnings. Your account will be subject to federal income tax only when withdrawn. This helpful tax rule is a reason to save for retirement through contributions to your 401(k) Plan account. Contributions will be taken out of your pay if you do nothing. But you are in charge of the amount that you contribute. You may decide to do nothing and become automatically enrolled, or you may choose to contribute an amount that better meets your needs. You can change your contributions by turning in a new Enrollment/Change/Opt-out Form to your Employer. If you want to contribute more to your 401(k) Plan account than would be contributed automatically, there are limits on the maximum amount. These limits are described in the Plan's SPD.

3. How will my 401(k) Plan account be invested?

The Plan lets you invest your account in a number of different investment funds. Unless you choose a different investment fund or funds, your 401(k) Plan account will be invested in the applicable T. Rowe Price Retirement Fund. The T. Rowe Price Retirement Fund in which your account will be invested will be the one closest to the year in which you will turn age 65. The Plan offers six T. Rowe Price Retirement Funds, which are the Plan's Qualified Default Investment Alternatives (QDIAs):

- T. Rowe Price Retirement Income Fund

- T. Rowe Price Retirement 2010 Fund
- T. Rowe Price Retirement 2020 Fund
- T. Rowe Price Retirement 2030 Fund
- T. Rowe Price Retirement 2040 Fund
- T. Rowe Price Retirement 2050 Fund

The T. Rowe Price Retirement Funds are designed to provide varying degrees of long-term appreciation and capital preservation through a mix of equity and fixed income exposures based on a participant's age and target retirement date. Each T. Rowe Price Fund's portfolio changes the asset allocation and associated risk level over time with the objective of becoming more conservative (i.e., decreasing risk of losses) with increasing age.

A notice regarding the Qualified Default Investment Alternatives (QDIA) is attached. Also, additional information regarding all of the Plan's investment options is available in the enrollment kit. You can change how your 401(k) Plan account is invested, among the Plan's offered investment funds, by contacting New York Life Retirement Plan Services. Contact information for New York Life is listed in item number 6 of this notice and in the Plan's SPD. To learn more about the Plan's investment funds and procedures for changing how your 401(k) Plan account is invested you can review the Plan's SPD. You can also contact New York Life or the Fund Office using the contact information in item number 6 of this notice.

4. When will my 401(k) Plan account be vested and available to me?

You will always be fully and immediately vested in your 401(k) Plan account including both the contributions you elect to make and any contributions made by your Employer. To be fully vested in your 401(k) Plan account means that the contributions (together with any investment gain or loss) will always belong to you, and you will not lose them when you leave your job. For more information see, the Plan's SPD. Even if you are vested in your Plan account, there are limits on when you may withdraw your funds. These limits may be important to you in deciding how much, if anything, to contribute to the Plan. Generally, you may only withdraw your money after (1) you retire or become disabled, or (2) you stop working for any Employer contributing to the Plan for a period of at least 12 months. You may also take out certain amounts from your Plan account if you have a hardship as defined by the Plan. Hardship distributions are limited to your Rollover account balance and a portion of the dollar amount of your 401(k) contributions. They may not be taken from 401(k) earnings or Employer contributions. Hardship distributions must be for a specified reason—for qualifying medical expenses, costs of purchasing your principal residence (or preventing eviction from or foreclosure on your principal residence, or repairing qualifying damages to your principal residence), qualifying post-secondary education expenses, or qualifying burial or funeral expenses. Before you can take a hardship distribution, you must have taken other permitted withdrawals and loans from other sources including other employee benefit plans. If you take a hardship distribution, you are not permitted to contribute to the 401(k) Plan for six (6) months thereafter. There is an extra 10% tax on distributions before age 59 ½. Your beneficiary can get any amount remaining in your 401(k) Plan account when you die. You can learn more about the Plan's withdrawal rules in the SPD.

5. Can I change the amount of my contribution?

You can always change the amount you contribute to the 401(k) Plan. If you know now that you do not want to contribute to the 401(k) Plan (and you haven't already elected not to contribute), you must turn in the Enrollment/Change/Opt-out Form to your Employer, checking the second box on the form, no later than the first day of your employment. That way, you avoid any automatic contributions. But if you do not turn in the Enrollment/Change/Opt-out Form in time to prevent automatic contributions, you may cancel the automatic contribution amount of your wages provided you file the Form with your Employer. The cancellation will be effective as soon as your employer can administratively process it, but may be delayed at least one payroll period following the employer's receipt of the Enrollment/Change/Opt-out Form cancelling the automatic contributions.

6. Questions?

If you have any questions about how the 401(k) Plan works or your rights and obligations under the Plan, or if you would like a copy of the 401(k) Plan's SPD or other Plan documents, please contact the Fund Office:

IMPORTANT NOTICE REGARDING YOUR RIGHT TO DIRECT THE INVESTMENT IN YOUR INDIVIDUAL ACCOUNT

(Qualified Default Investment Alternative (QDIA) Notice)

This Notice will serve as an annual notice for current or new enrollees who have all or a portion of the monies in their Individual Accounts invested in the Fund’s default investment alternative and may not have exercised their right to direct how monies in their Individual Account are invested.

If you do not exercise or have not exercised in the past your right to invest all or some of the monies contributed to your Individual Account in the Defined Contribution Fund, the monies for which no investment instructions have been received will be invested in a default investment alternative also known as a “Default Option.” Monies placed in a Default Option will continue to be invested in the Default Option until you provide investment instructions to the Fund through New York Life directing all or a portion of your Individual Account be invested in one or more of the Fund’s other investment alternatives.

The T. Rowe Price Retirement mutual funds (described in more detail below) are the Plan’s Default Options. If you provide no instructions on how your Individual Account should be invested, your contributions will be invested in the T. Rowe Price Retirement fund with a date that is close to the year you will turn age 65.

While you do not have to direct how your Individual Account is invested, if your contributions are placed in a Default Option because you have not provided any investment instructions, you should note that you may at any time direct all or a portion of the assets in your Individual Account out of the T. Rowe Price Retirement fund to which you have been defaulted. There are no restrictions on directing assets out of the T. Rowe Price Retirement funds and your Individual Account will not be charged additional fees or expenses when and if you do so.

You may direct that all or a portion of your Individual Account be placed in one or more of the investment funds offered by the Trustees.

The Southern California Pipe Trades Defined Contribution Plan is designed to comply with Section 404(c) of ERISA. Generally, this means that the Plan provides you the opportunity to exercise control over the assets in your Individual Account and the opportunity to choose from a broad range of investment alternatives.

The Plan gives the Trustees the right to establish separate investment funds that are characterized by investments in specific types of securities and other investment vehicles. You may choose how your Individual Account is to be allocated among these investment funds.

You may direct that all or a portion of your Individual Account be placed in one or more of the investment options offered by the Trustees. On a daily basis you may direct or redirect the investment fund (or funds) in which your Individual Account is to be invested and, separately, direct or redirect the investment of future contributions made on your behalf.

Information regarding the Plan’s investment options is found in your Summary Plan Description.

If you do not have your Summary Plan Description, it is available online at scptac.org. Additional copies are available from the Fund Office. You may obtain more information about your investment options, including ordering a prospectus for any investment alternative, or you may make changes regarding how your Individual Account is invested by calling New York Life at (800) 294-3575 or by visiting mylife.newyorklife.com.

If you don’t direct how you want your Individual Account to be invested, it will be invested in a T. Rowe Price Retirement fund, the Plan’s Default Option.

If you choose not to direct the investment of all or any portion of the money in your Individual Account, the balance of your account that you do not self-direct will be invested in the option selected by the Trustees for all Individual Accounts for which no direction is received. This is the Plan’s “Default Option.” The Trustees have selected the T. Rowe Price Retirement mutual funds as the Plan’s Default Options.

The T. Rowe Price Retirement fund with a date that is close to the year you will turn age 65 is your Default Option. If you do not direct the investment of all or any portion of the money in your Individual Account, the balance of your account that you do not self-direct will be invested in an age-appropriate T. Rowe Price Retirement fund.

The T. Rowe Price Retirement funds are “target date funds” which are each comprised of a diversified set of mutual funds. The “target date” in a target date fund is the approximate date an investor plans to start withdrawing money. Because target date funds are managed to specific retirement dates, investors may be taking on greater risk if the actual year of retirement differs dramatically from the original estimated date. Target date funds generally shift to a more conservative investment mix over time. While this may help to manage risk, it does not guarantee earnings growth nor is the fund’s principal value guaranteed at any time including at the target date. You do not have the ability to actively manage the investments within target date funds. The portfolio managers control security selection and asset allocation. Target Date funds allocate their investments among multiple asset classes which can include U.S. and foreign equity and fixed income securities.

What is the investment's strategy?
The investment seeks the highest total return over time consistent with an emphasis on long-term capital growth and income. The fund invests in a diversified portfolio of other T. Rowe Price stock and bond funds that represent various asset classes and sectors. It is intended for retired investors who seek income and some capital appreciation potential from stocks. The fund's neutral allocators, which are what T. Rowe Price considers broadly appropriate for investors during their retirement years, are 40% stock funds and 60% bond funds. While the fund is non-diversified, it invests in diversified underlying holdings.
