

PART 3 HRA Reimbursement Procedures

An HRA Allowance may be used to reimburse eligible health care expenses incurred by the Participant, Spouse or eligible Child which are not covered or reimbursed in full by this Plan or any other health plan or insurance policy. Reimbursable expenses are those that constitute “medical care” under Section 213 of the Internal Revenue Code. For example, an HRA Allowance may be used to reimburse the Participant for Plan deductibles, co-payments, and other non-covered expenses for medical, prescription drug, dental, vision, and psychiatric services. An HRA Allowance may also be used to reimburse Subsidized Self-pay premiums, COBRA premiums, other medical plan premiums, Medicare supplemental plan premiums, Medicare Part B or D monthly premiums, and long-term care insurance premiums (but not life insurance premiums). No benefit will be paid from an HRA Allowance in an amount less than \$25.00.

To be eligible for reimbursement, a Request for Reimbursement form must be submitted within 24 months after the date of service. **Requests submitted after 24 months will be denied.** Large Requests that were initially filed by the 24-month deadline, but which still had a remaining balance after the HRA Allowance was exhausted, may be re-filed indefinitely as new contributions to the HRA Allowance are received.

PART 4 Reimbursement Information

List the expenses for which you are requesting reimbursement. Include the date of service (date expense was incurred), a brief description of the type of expense (for example, prescriptions, deductibles, co-payments, dental or vision). Each item must be accompanied by proof of payment and documentation of the expense. Please list each expense amount on a separate line. Attach additional pages if needed.
